Over 76 Years of Service and Still in Front!

Welcome to our first newsletter. As most of you may know, Jones and Clark is one of the most well established businesses in Burton on Trent.

During this time there have been many changes and we have worked to develop and maintain our standards of service to meet the changes and challenges of the market. Whilst our main customers are from the Engineering and Manufacturing

industries, we are spreading our wings by providing goods and services to local authorities, motor vehicle workshops, building/carpentry/plumbing trades and local colleges (including student and apprentice starter packs).

We would like to thank you for your custom and hope that Jones and Clark can continue to supply and support your needs in the future.
