# ACCESSORIES

JCB WORKWEAR ACCESSORIES ARE DESIGNED FOR HEAVY-DUTY, OUTDOOR WORK. A DURABLE RANGE OF JCB SOCKS, HATS AND GLOVES DESIGNED FOR DEMANDING ENVIRONMENTS. JCB ACCESSORIES PROVIDE PROTECTION AND COMFORT ALL DAY.

## REACTIVE™ YARN TECHNOLOGY

Comfort stretch  
ribbed leg provides  
support

Ribbing continued into foot  
for comfort stretch during  
movement.

Comfort terry cushioning  
throughout acts as anti-shock  
for the feet.

REACTIVE™ yarn technology  
in footbed to wick away moisture from  
feet, a durable hard wearing yarn

Lighter than polyester and nylon, REACTIVE™ provides bulk and warmth for less weight. With excellent heat retaining properties it is warmer than wool.

REACTIVE™ has a unique hydrophobic nature which keeps the wearer dry and warm being quick drying and will not absorb water in the fibre. It wicks away water from the skin and through the sock for quick evaporation. These fibres are not attacked by bacteria or micro-organisms so keeps feet fresh.

### SOCK KEY FEATURES

HARDWEARING PANELS  
AROUND HEEL AND TOE

HOLDS HEAT IN FOR  
EXTRA WARMTH  
WHILE WORKING IN  
COLD CONDITIONS

RIBBED LEG PROVIDES  
SUPPORT
