PRODUCT CHARACTERISTICS :

- Material: premium PLUS sheet metal.
- Central locking system with a lock and folding key.
- Lock with key included also foam keyring.
- New block safety system, prevents opening of more than one drawer at once. When one drawer is opened, all other drawers are locked and cannot be opened.
- Oil and acid resistant casters of a diameter of 160mm, two with brake, which blocks spinning and swiveling of the caster, fixed casters of diameter 200mm.
- Full extension drawers with top quality ball-bearing slides
- Opening and closing of drawers is very simple due to the uniform solution - drawer handle on the upper side enables users a synchronic grip and opening of a carriage drawer.
- drawers with non-slip interior synthetic lining.
- coated with eco colour of Qualicoat quality standard

ADVANTAGES

- Extra large working surface 1250 x 670 mm
- Upper working surface with raised edges of 35mm in height, which is meant to contain tools and working items
- Include extra large drawer
- Big casters enable easy moving of carriage
- Model with drawers
- The increased depth of the top drawer enables to store all sockets, including long sockets, in an upright position. This gives maximum space efficiency and increases the number of tools that can be stored in the drawer compared to traditional shallow drawers. In an upright position can be stored all tools in larger dimensions till maximum height of 110mm.

The Unior hand tools programme has received the European Quality Trademark (EQTM), which is the first certificate of its kind to certify the quality of European trademarks.

The certificate is intended for European manufacturers, which guarantees that their products are of excellent quality and that more than 60% of the product material and services is of European origin, thus adding value to these products. Recently, this certificate has also been awarded to Unior for its hand tools programme, as 86% of the basic and auxiliary raw materials, as well as the production of finished products, originates from Europe.

Modular work bench

**UNIOR
CONFIGURATOR**

We're introducing a perfect way for setting up modular workbenches and organizing custom workshops! Unior 3D Configurator provides you with a tailor made solution that allows you to create your dream workshop within minutes.

<https://uniortools.com/fr/apps/configurator>

Workbenches are an essential element in a professional or domestic workshop. Unior's modular workbenches are durable, stable and practical with their durable work surface, perforated walls, excellent lighting options and convenient drawers. Module A1 also includes plastic containers for storing small inventory.

UNIOR® BIKE TOOLS

The UNIOR BIKE TOOLS, presented in this catalogue, are in blue, however during the course of the year UNIOR is switching the bike range to red. After many years of phenomenal growth in our bike segment, we are ready to take our bike tools to even greater heights. We want to create a unique brand identity and eliminate any confusion about our commitment to providing the highest quality European made tools. That is why we are proudly announcing a change from blue to red. Some references may therefore change
